

Nature trail Benecko

The Benecká Nature Trail was established with the support of the State Environmental Fund of the Czech Republic, the Municipality of Benecko and the Association for the Development of Tourism in Benecko and its Surroundings in 2019.

On the 3.4 km long route, you will find 10 play stations for families with children from 4 to 12 years of age. But we believe that everyone will find something for themselves. The walking circuit starts in the central car park of Benecko, it is led mainly along municipal roads, then along the existing forest road and shortly along the state road, so it is also suitable for prams.

In addition to physical activity in the fresh air, the trail also guarantees an educational process in the form of a game. Each stop is dedicated to a different type of Krkonoše fauna, flora or physical activity.
