

Geocaching

Benecko attracts not only with its magical landscape, unique views and pleasant atmosphere, but if you are playful and like to look for different types of entertainment when traveling, you can use GEOCACHING in Benecko.

GEOCACHING is a worldwide game that uses GPS techniques to search for hidden treasures. With the help of a GPS device, players try to discover a box called a cache, and then share their experience on the Internet. People looking for these hidden boxes are called cashiers, cashiers or humorous ducks.

Given that almost every smartphone already has navigation today, finding new adventures and interesting information is all the easier. The next step is to share your joys and uncovered secrets on the internet. You can also discover handy experiences, reports and statistics to help you with your search. A fun game for families

You can find around 2,500 caches in the Czech Republic, almost 2 million of them are hidden worldwide. Just over 5 million players are currently involved in the game. So you don't have to worry that when you go to the field instead of grilling, you don't know what to do. All you have to do is choose a place, and even if someone is not too excited about the sights or wonders of nature, the adrenaline is taken care of in the form of catching caches. In addition, it will wonderfully entertain the family and the surroundings.

So try "caching" in Benecko.
