

Tubing and mountain carts

Tubing park on artificial snow and mountain carts, where both children and adults can enjoy themselves. You can leave your helmets at home.

TUBING PARK

The popular winter attraction does not end with the last snow! You can ride special souls even in summer! The way down is an artificial riverbed with several bends, in which you will descend the boat the entire route. . The conveyor belt will then take you upstairs. The attraction is suitable for children from 4 and adults up to 80 kg. Only one person may ride in one soul, please respect this measure, it is for your safety.

MOUNTAIN CARE

Mountain harrows or mountain tricycles - are specially adapted for riding on a grassy hill and are equipped with two brakes, with which you can regulate the speed yourself. They are designed for children and adults. They allow riding in pairs, which will be appreciated especially by mothers and fathers of smaller children. Children from 12 years old can ride alone. You will go down the 200 m piste and the lift will take you up. The maximum load of one cart is 100 kg.
